

# Recycle used inner tubes!

Alchemy Goods is a Seattle-based company which produces messenger bags, hand bags, and wallets from recycled materials. We manufacture all our products locally with a focus on sustainability, quality, and service. We will gladly reuse your used tubes.

## How does it work?

- 1. Contact** — Email [recycling@alchemygoods.com](mailto:recycling@alchemygoods.com) with your shop's address, phone number and a contact name. We will add your shop to our recycling program and send you some prepaid shipping labels.
- 2. Collect** — Save only tubes that are:
  - Mountain tubes or road tubes wider than 35c (1.25")
  - Un-cut (blowouts & patches are o.k.)
  - Without flat protection "goo"
- 3. Ship** — Slap a prepaid shipping label on the box and send it our way.
